WORK EXPERIENCE

MOUNTAINVIEW BUSINESS SOLUTION INC. | Software Developer **MAY 2026 – PRESENT**

- Developed and maintained MSSQL utility scripts to support financial processes, data management, and operational requirements.
- Developed and enhanced ASP.NET applications, implementing system improvements, business logic, and bug fixes based on functional requirements.
- Maintained and enhanced legacy PowerBuilder applications, troubleshooting existing functionality and implementing fixes and system enhancements.

BLANKWORKS STUDIO | Software Engineering Intern **DECEMBER 2025 – FEBRUARY 2026**

- Integrated a high-performance notification system using BullMQ and MongoDB with deep-linking logic, which reduced user navigation steps and enhanced feature accessibility.
- Resolved high-priority production bugs in a live billing system, maintaining high accuracy in financial logic and transaction processing.
- Modularized legacy React and Next.js components within a TypeScript monorepo, improving code reusability and cutting down development time for new features.

FREELANCE | Web Developer **NOVEMBER 2024 – APRIL 2026**

- Improved a lifestyle blog (Let's Get Unstuck) for SEO, increasing organic reach and attracting active readers within the first 30 days.
- Overhauled Shopify e-commerce platforms (RSF Collection, Inspiro Art Studio) by integrating Printify for systematized fulfillment, leading to a boost in conversion rates through improved U and CTA strategies.

EDUCATION

CITY COLLEGE OF CALAMBA | BS IN COMPUTER SCIENCE **MAY 2026**

THESIS: SMOKE BELCHING DETECTION SYSTEM WITH NON-CONTACT APPREHENSION **JANUARY 2025 – NOVEMBER 2025**

- Built a real-time computer vision system using YOLOv8 and custom CNN models that achieved a 94% accuracy rate in detecting and classifying smoke opacity levels.
- Configured hardware-software integration using Raspberry Pi 5 and PiCamera v2, enabling automated image capture with a processing latency of less than 1.5 seconds.

ADDITIONAL INFORMATION

- **Technical Skills:** TypeScript, Python, Next.js, React, TailwindCSS, NestJS, Prisma, MongoDB, PostgreSQL, MSSQL, ASP.NET, PoweBuilder
- **Languages:** Filipino, English
- **Awards/Activities:**
 - **COMPUTER SCIENCE SOCIETY (CSS) | Information and Publication Head**
 - Streamlined the dissemination of technical workshops and event announcements, increasing student engagement through optimized social media presence.
 - **INTERNATIONAL INTERDISCIPLINARY RESEARCH CONFERENCE | PRESENTER**
 - Successfully published our Thesis study at the latest IIRC 2026, held in Bangkok, Thailand. Awarded with Best Innovation, Best Presenter, and Best Paper distinctions.
 - **COMPUTER SCIENCE SOCIETY (CSS) | Technical Mentor**
 - Mentored a group of junior students in Python Basics for a session of the Peer Coding Program that was held in 2025-2026, leading to a 20% average increase in their midterm grades and examination scores.
